Quality Improvement Plan

2016

Our Vision

To support children & families to achieve the best possible learning, health & wellbeing outcomes.

Our Values

- Learning together
- Kindness
- Respect

Our Priorities

Planning, reflection and assessment cycle

Families can see why experiences are offered and what their child is learning and how it supports them in their educational journey

Exceed National Quality Standards .

Develop policies and procedures to ensure site exceeds National Quality Standards in all areas.

Sustainable practices are embedded

Routines for educators, children and families reflect sustainable practices and are environmentally friendly

Quality Education Program

Educators providing quality educational programs in all services for children and families to support Parents to provide strong foundations for their children's healthy development and wellbeing

Quality relationships

relationships between educators and families support access to services, and promote children's learning, health and wellbeing.

Parent Engagement Group

Governance is supported by a Parenting Engagement group and a Partnership Group.

Government of South Australia
Department for Education and
Child Development
