

Vision Statement

VISION:

What do we want?

Port Augusta Children's Centres supports children & families to achieve the best possible learning, health & wellbeing outcomes in a universal setting with targeted responses for children & families who may require additional support.

PRINCIPLES

What underpins our practice?

- ◆ The interests of the child are paramount.
- ◆ The child is always viewed in the context of their family, carers, relationship, culture & community.
- ◆ Families are supported & actively engaged in services, programs & decision making.
- ◆ Strengthening the capacity of the community enables more supportive environments for children and families.
- ◆ Programs are responsive to local needs and circumstances.
- ◆ Integrated service delivery & agency partnerships are needed to address multiple disadvantages.
- ◆ Staff operate on the basis of cultural respect & cultural inclusion.
- ◆ Promoting health, learning & development at both the population level & for families & children are central aims
